

INDEPENDENT AUDITORS' REPORT

To the Members of Malnad Hospital & Institute of Oncology Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Malnad Hospital & Institute of Oncology Private Limited (“the Company”), which comprise the balance sheet as at 31 March 2020, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (“Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2020, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

INDEPENDENT AUDITORS' REPORT (continued)

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Director's report but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

INDEPENDENT AUDITORS' REPORT (continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

INDEPENDENT AUDITORS' REPORT (continued)

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31 March 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. The disclosures in the financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these financial statements since they do not pertain to the financial year ended 31 March 2020.

INDEPENDENT AUDITORS' REPORT (continued)

Report on Other Legal and Regulatory Requirements (continued)

(C) With respect to the matter to be included in the Auditors' Report under section 197(16):

In our opinion and according to the information and explanations given to us, the Company has not paid any managerial remuneration during the current year and hence reporting under Section 197 of the Act is not applicable. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Malnad Hospital & Institute of Oncology Private Limited

Annexure A to the Independent Auditors' Report of even date on the financial statements of Malnad Hospital & Institute of Oncology Private Limited

With respect to the Annexure A referred to in paragraph 1 in 'Report on Other Legal and Regulatory Requirements' of the Independent Auditors' Report to the members of the Company on the financial statements for the year ended 31 March 2020, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified in a phased manner over a period of 3 years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, certain fixed assets were physically verified during the year. No material discrepancies were noted on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, no immovable properties are held in the name of the Company. Accordingly, paragraph 3(i) (c) of the Order is not applicable to the Company.
- (ii) The inventory, except goods-in-transit have been physically verified by the Management during the year. In our opinion, the frequency of such verification is reasonable and no material discrepancies were noticed on such verification.
- (iii) According to the information and explanation given to us, the Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or any other parties covered in the register maintained under section 189 of the Act. Accordingly, paragraph 3 (iii) of the Order is not applicable to the Company.
- (iv) According to the information and explanations given to us, there are no loans, investments, guarantees and security given in respect of which provisions of section 185 and 186 of the Act are applicable. Accordingly, the provisions of clause 3(iv) of the Order are not applicable to the Company.
- (v) The Company has not accepted any deposits from the public in terms of directives issued by the Reserve Bank of India, provisions of Section 73 to 76 of the Act, any other relevant provisions of the Act and the relevant rules framed thereunder. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.
- (vi) The Central Government of India has not prescribed the maintenance of cost records under Section 148(1) of the Act for any of the services rendered by the Company. Accordingly, paragraph 3(vi) of the Order is not applicable to the Company.
- (vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted /accrued in the books of account in respect of undisputed statutory dues including Employee's State Insurance, Income Tax, Goods and Service Tax, Duty of Custom and any other material statutory dues have generally been regularly deposited during the year with the appropriate authorities. However, undisputed Provident Fund have not been regularly deposited with the appropriate authorities and there have been serious delays in large number of cases. As explained to us, the Company did not have any dues on account of Sales Tax, Service Tax, Duty of Excise, Value Added Tax and Cess.

Malnad Hospital & Institute of Oncology Private Limited

Annexure A to the Independent Auditors' Report of even date on the financial statements of Malnad Hospital & Institute of Oncology Private Limited (continued)

According to the information and explanation given to us no undisputed amounts payable in respect of Employees' State Insurance, Income Tax, Duty of Customs, Goods and Service Tax and other material statutory dues were in arrears, as at 31 March 2020, for a period of more than six months from the date they became payable except for Provident Fund as mentioned below :

Name of the statute	Nature of the dues	Amount in Rs.	Period to which the amount relates	Date date	Date of payment
Employee Provident Fund and Miscellaneous Provisions Act, 1952	Provident Fund	34,444	April 2019	15 May 2019	Not paid till 31 March 2020
		33,333	May 2019	15 June 2019	
		33,253	June 2019	15 July 2019	
		30,820	July 2019	15 August 2019	
		43,820	August 2019	15 September 2019	

- (b) According to the information and explanations given to us, there are no dues of Income Tax or Sales Tax or Service Tax or Duty of Customs or Duty of Excise or Value Added Tax which have not been deposited by the Company on account of disputes.
- (viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or borrowings to banks. The Company did not have any outstanding loans or borrowings from government and financial institutions and there are no dues to debenture holders during the year.
- (ix) According to the information and explanations given to us and based on examination of the records of the Company, the term loans obtained during the year were applied for the purpose for which they were obtained. The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year.
- (x) According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
- (xi) According to the information and explanations given to us and based on examination of the records of the Company, the Company has not paid/provided managerial remuneration during the year. Accordingly, the provisions of Section 197 read with Schedule V to the Act are not applicable to the Company.
- (xii) According to the information and explanations given to us, in our opinion, the Company is not a Nidhi Company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.

Malnad Hospital & Institute of Oncology Private Limited

Annexure A to the Independent Auditors' Report of even date on the financial statements of Malnad Hospital & Institute of Oncology Private Limited (continued)

- (xiii) According to the information and explanation given to us and based on our examination of the records of the company all the transactions with the related parties are in compliance with Section 188 of the Act, where applicable, and the details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards. The provision of Section 177 of the Act is not applicable to the Company.
- (xiv) According to the information and explanations give to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, paragraph 3(xiv) of the Order is not applicable.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.
- (xvi) According to the information and explanations provided to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

Annexure B to the Independent Auditors' report on the financial statements of Malnad Hospital & Institute of Oncology Private Limited for the year ended 31 March 2020.

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Malnad Hospital & Institute of Oncology Private Limited ("the Company") as of 31 March 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2020, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Annexure B to the Independent Auditors' report on the financial statements of Malnad Hospital & Institute of Oncology Private Limited for the year ended 31 March 2020 (continued)

Auditors' Responsibility (continued)

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1 General information

Malnad Hospital & Institute of Oncology Private Limited is engaged in setting up and managing cancer hospitals, cancer centers and medical diagnostic services. The registered office of the Company is situated at No. 600/601, Irwin Road, Mysore - 570 001.

2 Significant accounting policies

2.1 Basis of preparation of the financial statements

(a) Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (“Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016, as applicable.

(b) Impact of Covid-19

In March 2020, the World Health Organisation declared COVID-19 to be a pandemic. The Company has taken into account, impact if any, on its financial statement captions based on internal and external information upto the date of approval of the financial statements by the Board of Directors. The actual impact of the global health pandemic may be different from that which has been estimated, as the COVID -19 situation evolves in India and globally. The Company will continue to closely monitor any material changes to future economic conditions.

(c) Functional and presentation currency

These financial statements are presented in Indian Rupees (Rs), which is also the Company’s functional currency. All amounts are in Indian Rupees million except share data and per share data, unless otherwise stated.

(d) Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement
Net defined benefit (asset)/liability	Fair Value of plan assets less present value of defined benefit obligations

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

(e) Use of estimates and judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised prospectively.

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Judgements

Information about judgments made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

- Note 5 - Property, plant and equipment : Timing of capitalisation and nature of cost capitalised.
- Note 6 - Lease Arrangements : Evaluation whether an arrangement qualifies to be a lease based on the requirements of the relevant standard. Identification of a lease requires significant management judgement.
- Note 34 - Financial instruments.

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2020 is included in the following notes:

- Note 5 - Estimation of useful life of property, plant and equipment.
- Note 29.2 - Deferred tax balances (net).
- Note 32 - Recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources.
- Note 33 - Employee benefit plans: key actuarial assumptions.
- Note 35 - Expected credit loss.

(f) Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company's has an established control framework with respect to the measurement of fair values. This includes a valuation team that has overall responsibility for overseeing all significant fair value measurement, including level 3 fair values, and reports directly to the chief financial officer.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e.as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company's uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The Company's recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

3 Summary of significant accounting policies

(a) Revenue recognition

Medical services

Revenue primarily comprises fees charged for inpatient and outpatient hospital services. Services include charges for accommodation, medical professional services, equipment, radiology, laboratory and pharmaceutical goods used in treatments given to patients. As per Ind AS 115, "Revenue from contracts with customers", revenue from hospital services are recognized as and when services are performed, unless significant future uncertainties exist. The Company assess the distinct performance obligation in the contract and measures to at an amount that reflects the consideration it expects to receive net of tax collected and remitted to Government and adjusted for discounts and concession. The Company based on contractual terms and past experience determines the performance obligation satisfaction over time. Unbilled revenue is recorded for the service rendered where the patients are not discharged and final invoice is not raised for the services.

Sale of medical and non-medical items

Pharmacy sales are recognised when the control of the products being sold is transferred to the customer and no significant uncertainties exist regarding the amount of consideration that will be derived from the sale of goods as regarding its collection. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

The Company recognizes a deferred income (contract liability) if consideration has been received (or has become receivable) before the company transfers the promised goods or services to the customer.

Disaggregation of revenue

The Company disaggregates revenue from hospital services (medical and healthcare services), sale of medical and non-medical items and other operating income. The Company believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of Company's revenues and cash flows are affected by industry, market and other economic factors.

Dividend and interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend income is recognised when the Company's right to receive dividend is established.

(b) Leases : Policy applicable with effect from 1 April 2019

Company as a lessee

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset;
- the Company has the right to obtain substantially all the economic benefits from use of the asset throughout the period of use; and
- the Company has the right to direct the use of the asset.

At inception or on reassessment of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of the relative stand-alone prices of the lease components and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability, adjusted for any lease payments made at or before the commencement date, less any lease incentives received, plus any initial direct costs incurred and an estimate of the costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located.

The right-of-use asset is subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the incremental borrowing rate applicable to the entity within the Company. Generally, the Company uses its incremental borrowing rate as the discount rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of all assets that have a lease term of 12 months or less and leases of low-value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Transition to Ind AS 116

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 leases and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.

The Company has adopted Ind AS 116, effective annual reporting period beginning from 1 April 2019 using the modified retrospective method where right of use of asset is recognised equal to lease liability recognised on the date of initial application (1 April 2019). Accordingly, the Company has not restated comparative information.

Leases : Policy applicable with effect from 1 April 2019 (continued)

Company as a lessee

As a lessee, the Company previously classified leases as operating or finance leases based on its assessment of whether the lease transferred significantly all of the risks and rewards incidental to ownership of the underlying asset to the Company. Under Ind AS 116, the Company recognizes right of use assets and lease liabilities for most leases i.e. these leases are on balance sheet. On transition, the Company has applied following practical expedients: Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with similar end date.

- Applied the exemption not to recognise right-of-use-assets and liabilities for leases with less than 12 months of lease term on the date of transition.
- Excluded the initial direct costs from the measurement of the right-of-use-asset at the date of transition.
- Grandfathered the assessment of which transactions are, or contain leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.
- Relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review.
- Used hindsight when determining the lease term if the contract contains options to extend or terminate the lease.

The Company has also applied recognition exemptions of short-term leases to all categories of underlying assets. On transition, the Company recognised a lease liability measured at the present value of the remaining lease payments. Refer note 6 for details on impact due to Ind AS 116 application.

On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to depreciation cost for the right-to-use asset, and finance cost for interest accrued on lease liability. Also, the payments made for the lease arrangements has changed from operating activities to financing activities in the current year.

Policy applicable before 1 April 2019

Refer note 3 – Significant accounting policies – Leases in financial statements of the Company for the year ended 31 March 2019, for the policy as per Ind AS 17, the previous standard on leases.

(c) Foreign currency transactions

Transactions in foreign currencies are translated into the respective functional currencies of Company at the exchange rates at the dates of the transactions or an average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date.

Exchange differences on monetary items are recognised in the Statement of profit and loss in the period in which they arise except for exchange differences arising from translation of long-term foreign currency monetary items recognised in the financial statements of the Company for the period immediately before the beginning of the first Ind AS financial reporting period (prior to 01 April 2016), as per the previous GAAP, pursuant to the Company's choice of availing the exemption as permitted by Ind AS 101.

Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

Income and expense items in foreign currency are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during that period, in which case the exchange rates at the dates of the transactions are used.

(d) Borrowing costs

Borrowing costs include:

- (i) interest expense calculated using the effective interest rate method,
- (ii) finance charges in respect of finance leases, and
- (iii) exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

(e) Employee benefits

Defined benefit plan

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. The service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements) is recognised in the Statement of profit and loss in the line item 'Employee benefits expense'. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. The net interest expense is recognised in the line item 'Finance costs'.

Defined contribution plan

A defined contribution plan is post-employment benefit plan under which an entity pays specified contributions to separate entity and has no obligation to pay any further amounts. The Company makes specified obligations towards employee provident fund and employee state insurance to Government administered provident fund scheme and ESI scheme which is a defined contribution plan. The Company's contributions are recognized as an expense in the statement of profit and loss during the period in which the employee renders the related service.

Compensated absences

The employees can carry-forward a portion of the unutilized accrued compensated absences and utilize it in future service periods or receive cash compensation on termination of employment. Since the employee has unconditional right to avail the leave, the benefit is classified as a short term employee benefit. The Company records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method.

(f) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

(i) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realize the assets and settle the liability on a net basis or simultaneously.

(ii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

Minimum alternative tax ('MAT') paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax in future years. Ind AS 12, Income Taxes defines deferred tax to include carry forward of unused tax credits that are carried forward by the entity for a specified period of time. Accordingly, MAT credit entitlement is grouped with deferred tax assets (net) in the balance sheet.

(g) Property, plant and equipment

Property, plant and equipment are measured at cost which includes capitalized borrowing costs, less accumulated depreciation and impairment losses, if any. The cost of an item of Property, plant and equipment comprises its purchase price, including import duties and other non-refundable taxes or levies, freight, any directly attributable cost of bringing the asset to its working condition for its intended use and estimated cost of dismantling and restoring onsite; any trade discounts and rebates are deducted in arriving at the purchase price. Subsequent expenditures related to an item of tangible fixed asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance. Cost includes expenditures directly attributable to the acquisition of the asset.

The Company depreciates property, plant and equipment over the estimated useful life on a straight-line basis from the date the assets are ready for intended use. The estimated useful lives of assets for the current and comparative period of significant items of property, plant and equipment are as follows:

Asset category	Useful life as per the management	As per schedule II of Companies Act, 2013
Plant and Medical Equipment	10-15 years	10-15 years
Data processing equipment	3-6 years	3-6 years
Furniture and fixtures	10 years	10 years
Office equipment	5 years	5 years
Vehicles	8 years	8 years

The cost and related accumulated depreciation are eliminated from the financial statements upon sale or disposition of the asset and the resultant gains or losses are recognized in the statement of profit and loss. Amounts paid towards the acquisition of property, plant and equipment outstanding as of each reporting date are recognized as capital advance and the cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work-in-progress.

(h) Intangible assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

Useful lives of intangible assets

Estimated useful lives of the intangible assets are as follows:

Asset category	Useful Life
Computer software	3 years

(i) Inventories

Inventories are measured at the lower of cost and net realisable value on the weighted average cost basis. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses. Cost of inventories comprises of all costs of purchase and other costs incurred in bringing the inventories to their present location, after adjusting for GST wherever applicable applying first in first out (FIFO) method.

(j) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Onerous contracts

A contract is considered to be onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before such a provision is made, the Company recognises any impairment loss on the assets associated with that contract.

(k) Financial instruments

a. Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

b. Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- amortised cost;
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All financial assets not classified as measured at amortised cost as described above are measured at FVTPL. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;

- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

(k) Financial instruments (continued)

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

c. Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

d. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(l) Impairment

(i) Financial assets (other than at fair value)

The Company assesses at each date of balance sheet, whether a financial asset or a Company of financial assets is impaired. Ind AS 109 - Financial Instruments requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the twelve-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly, since initial recognition.

(ii) Non-financial assets

Tangible and Intangible assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is an indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for cash generating unit (CGU) to which the asset belongs.

(m) Earnings per share (EPS)

Basic earnings per share are computed by dividing profit attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. The Company does not have any dilutive potential equity shares.

(n) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements unless the possibility of an outflow of resources embodying economic benefits is remote.

Contingent liabilities and commitments are reviewed by the management at each balance sheet date.

(o) Cash flow statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregate.

(p) Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less.

For the purpose of cash flow statement, cash and cash equivalent includes cash in hand, in banks, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less, are considered part of the cash management system.

(q) Segment reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses and for which discrete financial information is available. Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Chairman of the Company is responsible for allocating resources and assessing performance of the operating segments and accordingly is identified as the Chief Operating Decision Maker (CODM). The CODM evaluates the Company's performance and allocates resources on overall basis.

4 Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020.

c. Nominal value of shares (in Rs.)	100	100
d. Earning per equity share Rs. per share (a/b)	116.26	82.67

31 Segment information

Ind AS 108 "Operating Segment" ("Ind AS 108") establishes standards for the way that public business enterprises report information about operating segments and related disclosures about products and services, geographic areas, and major customers. Based on the "management approach" as defined in Ind AS 108, Operating segments are to be reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The CODM evaluates the Company's performance and allocates resources on overall basis. The Company's sole operating segment is therefore 'Medical and Healthcare Services'. Accordingly, there are no additional disclosure to be provided under Ind AS 108, other than those already provided in the financial statements.

Geographical information

Geographical information analyses the Company's revenue and non-current assets by the Company's country of domicile (i.e. India) and other countries. In presenting the geographical information, segment revenue has been presented based on the geographical location of the customers and segment assets has been presented based on the geographical location of the assets.

(i) Revenue from operations

Particulars	For the year ended 31 March 2020	For the year ended 31 March 2019
India	76.05	59.23
Total	76.05	59.23

(ii) Non current assets*

Particulars	As at 31 March 2020	As at 31 March 2019
India	21.12	21.34
Total	21.12	21.34

*Non-current assets exclude financial assets and deferred tax assets

32 Contingent liabilities and capital commitments

Contingent liabilities

The Hon'ble Supreme Court has, in a decision dated 28 February 2019, ruled that special allowance would form part of wages for computing the Provident Fund (PF) contribution. The Company keeps a close watch on further clarifications and directions from the respective department based on which suitable action would be initiated.

Other litigations

The Company is involved in other disputes, law suits and other claims including commercial matters which arise from time to time in the ordinary course of business. The Company believes that there are no such pending matters that are expected to have any material adverse effect on the financial statements.

33 Employee benefit plans

33.1 Defined contribution plans

The Company has defined contribution plan in form of provident fund and pension scheme and employee state insurance scheme for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The total expense recognised in the statement of profit and loss in respect of such schemes are given below:

Particulars

	For the year ended 31 March 2020	For the year ended 31 March 2019
Contribution to provident fund and pension scheme, included under contribution to provident and other funds	1.01	0.93
Contribution to employee state insurance scheme, included under contribution to provident and other funds	0.34	0.40
	1.35	1.33

33.2 Defined benefit plans

The Company offers gratuity plan for its qualified employees which is payable as per the requirements of Payment of Gratuity Act, 1972. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

The principal assumptions used for the purposes of the actuarial valuations are as follows:

	For the year ended 31 March 2020	For the year ended 31 March 2019
Discount rate	6.50%	7.40%
Expected rate of salary increase	5.00%	5.00%
Rate of return on plan assets	6.50%	7.40%
Employee turnover rate	13.40%	13.40%

Amounts recognised in statement of profit and loss in respect of this defined benefit plan are as follows:

	For the year ended 31 March 2020	For the year ended 31 March 2019
Current service cost	0.10	0.28
Net interest expense	0.26	0.13
Components of defined benefit costs recognised in the statement of profit and loss	0.36	0.41
Service cost recognised in employee benefits expense (refer note 24)	0.10	0.28
Net interest expense recognised in finance costs (refer note 25)	0.26	0.13
Remeasurement on the net defined benefit liability:		
Actuarial (gains) / losses arising from changes in demographic assumptions	-	-
Actuarial (gains) / losses arising from changes in financial assumptions	0.13	-
Actuarial (gains) / losses arising from experience adjustments	0.15	(0.08)
Remeasurement on the net defined benefit liability recognised in other comprehensive income	0.28	(0.08)

(Rs in Million)

The amount included in the balance sheet arising from the entity's obligation in respect of its defined benefit plans is as follows:

	As at 31 March 2020	As at 31 March 2019
Present value of funded defined benefit obligation	2.77	2.13
Fair value of plan assets	0.28	0.26
Unfunded status	2.49	1.87
Restrictions on asset recognised	-	-
Net liability arising from defined benefit obligation	2.49	1.87

Movements in the present value of the defined benefit obligation are as follows.

	As at 31 March 2020	As at 31 March 2019
Opening defined benefit obligation	2.13	1.86
Current service cost	0.10	0.28
Interest cost	0.26	0.13
Remeasurement (gains)/losses:		
Actuarial gains and losses arising from changes in demographic assumptions	-	-
Actuarial gains and losses arising from changes in financial assumptions	0.13	-
Actuarial gains and losses arising from experience adjustments	0.15	(0.08)
Benefits paid	-	(0.06)
Closing defined benefit obligation	2.77	2.13

Movements in the fair value of the plan assets

	As at 31 March 2020	As at 31 March 2019
Opening fair value of plan assets	0.26	0.24
Interest income	0.02	0.02
Closing fair value of plan assets	0.28	0.26

The fair value of the plan assets at the end of the reporting period for each category are as follows:

	As at 31 March 2020	As at 31 March 2019
Insurer-managed funds	0.28	0.26
Total	0.28	0.26

The actual return on plan assets was Rs.0.02 million (31 March 2019: Rs.0.02 million).

Particulars	As at 31 March 2020		As at 31 March 2019	
	Increase	Decrease	Increase	Decrease
Discount rate (1% change)	(0.14)	0.16	(0.11)	0.12
Future salary increase (1% change)	0.36	(0.30)	0.27	(0.23)
Attrition rate (10% change)	0.01	(0.01)	0.00	(0.00)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

The average duration of the benefit obligation at 31 March 2020 is 6.21 years (as at 31 March 2019: 6.31 years)

Maturity profile of defined benefit obligation:

Particulars	As at 31 March 2020	As at 31 March 2019
Within 1 year	0.39	0.31
1-2 year	0.37	0.29
2-3 year	0.37	0.28
3-4 year	0.32	0.28
4-5 year	0.31	0.24
5-10 year	1.15	0.86
>10 year	1.30	1.10
	4.21	3.36

34 Financial instruments

The carrying value and fair value of financial instruments by categories as at 31 March 2020 and 31 March 2019 is as follows:

Particulars	Carrying value as at		Fair value as at	
	31 March 2020	31 March 2019	31 March 2020	31 March 2019
Financial assets				
Amortised cost				
Loans receivable (includes current and non-current)	3.98	3.81	3.98	3.81
Trade receivable	5.85	1.78	5.85	1.78
Bank balance	5.42	6.95	5.42	6.95
Other financial assets (includes current and non-current)	17.02	8.11	17.02	8.11
Total assets	32.27	20.65	32.27	20.65
Financial liabilities				
Amortised cost				
Borrowings	1.15	0.94	1.15	0.94
Lease liabilities	1.30	-	1.30	-
Trade payables	14.36	11.45	14.36	11.45
Other financial liabilities (includes current and non-current)	8.29	10.51	8.29	10.51
Total liabilities	25.10	22.90	25.10	22.90

The management assessed that fair value of bank balance, trade receivables, loans receivable, other financial assets, borrowings, lease liabilities and trade payables, approximates their carrying amounts largely due to the short-term maturities of these instruments. Difference between carrying amounts and fair values of bank deposits, other financial assets, borrowings and other financial liabilities subsequently measured at amortised cost is not significant in each of the years

35 Financial risk management

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and price risks which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and liabilities. The focus of risk management is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on the financial performance of the Company.

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Company is exposed to the credit risk from its trade receivables, bank balance and other financial assets. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets.

a) Trade and other receivables

Trade receivables comprise a widespread customer base. Management evaluate credit risk relating to customers on an ongoing basis. The Company assesses the credit quality of the customer, taking into account its financial position, past experience and other factors. Services to customers without medical aid insurance are settled in cash or using major credit cards on discharge date as far as possible. Credit Guarantees insurance is not purchased. The receivables are mainly unsecured, the Company does not hold any collateral or a guarantee as security. The provision details of the trade receivable is provided in Note 11 of the financial statement

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as derived as per the trend of trade receivable ageing of previous years.

1. The Provision matrix at the end of the reporting period is as follows:-

Category	31 March 2020	31 March 2019
Less than 1 year	7% to 10%	7% to 10%
1-2 year	36% to 51%	36% to 51%
2-3 year	52% to 64%	52% to 64%
More than 3 year	100%	100%

Movement in the expected credit loss allowance:

	Year ended 31 March 2020	Year ended 31 March 2019
Balance at the beginning of the year	(8.68)	(8.68)
Addition/(reversal) during the year	2.74	-
Balance at the end of the year	(5.94)	(8.68)

No single customer accounted for more than 10% of the revenue as of 31 March 2020 and 31 March 2019. There is no significant concentration of credit risk.

Details of geographic concentration of revenue is included in note 31 to the financial statements.

Note: Trade receivables include dues from companies in which any director is a director or member

	As at 31 March 2020	As at 31 March 2019
Gutti Malnad LLP	2.08	2.02
Malnad Hi-Tech Diagnostic Centre LLP	0.78	0.48

b) Cash deposits

The Company limits its exposure to credit risk by generally investing in liquid securities and only with counterparties that have a good credit rating. The Company does not expect any losses from non-performance by these counter-parties, and does not have any significant concentration of exposures to specific industry sectors.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due. Also, the Company has unutilized credit limits with banks.

The Company's corporate treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management.

The working capital position of the Company is given below:

Particulars	As at 31 March 2020	As at 31 March 2019
Bank balance (including deposits)	5.42	6.95
	5.42	6.95

The table below provides details regarding the contractual maturities of significant financial liabilities as at 31 March 2020 and 31 March 2019

Particulars	As at 31 March 2020				
	Less than 1 year	1-2 years	2-3 years	3-4 years	More than 4 years
Borrowings	0.04	0.51	0.56	0.04	-
Lease liabilities	0.61	0.68	-	-	-
Trade payables	14.36	-	-	-	-
Other financial liabilities	8.29	-	-	-	-
	23.30	1.19	0.56	0.04	-

Particulars	As at 31 March 2019				
	Less than 1 year	1-2 years	2-3 years	3-4 years	More than 4 years
Borrowings	0.85	0.10	-	-	-
Trade payables	11.45	-	-	-	-
Other financial liabilities	10.51	-	-	-	-
	22.81	0.10	-	-	-

Market risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices, such as foreign exchange rates, interest rates and equity prices.

Cash flow and fair value interest rate risk

The Company's main interest rate risk arises from long-term borrowings with fixed rates (as at 31 March 2020) and variable interest rate (as at 31 March 2019), which exposed the Company to cash flow interest rate risk till previous year ended 31 March 2019.

a. Interest rate risk exposure

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	As at 31 March 2020	As at 31 March 2019
Variable rate long term borrowings including current maturities	-	0.94
	-	0.94

b. Sensitivity analysis

Every 1% increase or decrease in base rate does not have material impact to statement of profit and loss and other components of equity.

- 36 The Ministry of Micro, Small and Medium Enterprises has issued an office memorandum dated 26 August 2008 which recommends that the Micro and Small Enterprises should mention in their correspondence with its customers the Entrepreneurs Memorandum Number as allocated after filing of the Memorandum. Accordingly, the disclosure in respect of the amounts payable to such enterprises as at 31 March 2020 and 31 March 2019 has been made in the financial statements based on information received and available with the Company. Further in view of the management, the impact of interest, if any, that may be payable in accordance with the provisions of the Micro, Small and Medium Enterprises Development Act, 2006 ('The MSMED Act') is not expected to be material. The

Particulars	As at 31 March 2020	As at 31 March 2019
The amounts remaining unpaid to micro and small suppliers as at the end of the year -		
Principal	-	-
Interest	-	-
The amount of interest paid by the buyer under MSMED Act	-	-
The amount of payments made to micro and small suppliers beyond the appointed day during the accounting year	-	-
The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act.	-	-
The amount of interest accrued and remaining unpaid at the end of each accounting year	-	-
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under the MSMED Act	-	-

37 **Capital management**

The Company manages its capital to ensure that entities in the Company will be able to continue as going concerns while maximising the return to stakeholders through the optimisation of the debt and equity balance. The capital structure of the Company consists of net debt (borrowings offset by cash and bank balances) and total equity of the Company. The capital structure is as follows:

Particulars	As at 31 March 2020	As at 31 March 2019
Total equity attributable to the equity share holders of the Company	29.59	18.58
As percentage of total capital	117%	148%
Total loans and borrowings	1.15	0.94
Cash and cash equivalents	5.49	7.00
Net loans & borrowings	(4.34)	(6.06)
As a percentage of total capital	(17%)	(48%)
Total capital (loans and borrowings and equity)	25.25	12.52
